Dear Attorney General Ashcroft:

ENOUGH ALREADY !!!! GEEZE MANIEZZE !!! GET THIS OVER WITH !!! And this from
a ?Registered Democrat? since I was 18 yrs old and I am 46 now!(Regan
Democrat)

Your wise leadership is vital to the safety and prosperity of our American
nation. I hope my thoughts will be of benefit to you.

I am writing to express my relief that this judicial debacle referred to as
U.S. v. Microsoft is finally coming to an end. While I strongly believe
that the original lawsuit was OBVIOUSLY politically motivated, unfair and
vengeful, this settlement is the best possible outcome and truly services
the American public interest. REMEMBER THIS IS WHAT STARTED OUR FINANCIAL
MARKETS DOWNTURN , Please save our free enterprise society.

The provisions of the settlement work to ensure accountability, foster
innovation and improve competition inside the information technology
industry. The highlight of this settlement is Microsoft's willingness to
submit to a three person, government appointed technical oversight committee
which will ensure the company's compliance with the agreement.

This settlement is three years too late and should be implemented
immediately. I strongly urge that this agreement be the final federal
action taken regarding this matter and that the participating states move on
as well. Thank you.

With greatest regard,
signed..
David Barback
